EXPERIENCE

Sr. Specialist — Cloud Practice & SRE Lead

IRIS Software — India (Clients: ADP, Charles Schwab, BMO)

Sep 2020 – Present Hyderabad, India

- Architected end-to-end on-prem to AWS cloud migration for BMO — CDK-enabled **ECS Fargate + Lambda** for .NET workloads; **HA/DR compliance built in from day one** with RTO/RPO defined at architecture stage.
- Built Charles Schwab's 18-member Platform Engineering team from scratch; defined **container orchestration standards, Kubernetes-native IaC (Helm, Ansible)**, reliability reviews, and incident governance — achieving **99.9% release reliability**.
- Delivered *modeas* — high-throughput CI/CD platform handling **200+ builds/deployments per hour**; Terraform IaC and self-healing systems accelerated deployment cadence by 600% and eliminated 10,000+ manual ops hours annually.
- Deployed **Prometheus, Grafana, and Dynatrace** for full-stack observability across ADP's platform — real-time alerting, proactive bottleneck identification, and root-cause analysis for mission-critical FinTech workloads.
- Implemented **ITIL-aligned incident, problem, and change management**; automated remediation via Ansible — reducing MTTR by **40%+** across ADP's 35-member SRE programme.
- Designed GenAI-based risk summarisation and interactive Q&A assistants on **Azure OpenAI and AWS** for BMO (BCRG/LTS pipelines), reducing manual risk analysis effort for compliance teams.
- Presented infrastructure strategy, SRE metrics, and resiliency architectures directly to **VP and C-suite stakeholders** at ADP, Charles Schwab, and BMO; scaled SRE org from **4 to 40 engineers** across India, Canada, and the US.

Automation Technology Specialist

IRIS Software — Canada (Client: Royal Bank of Canada Insurance)

Jun 2018 – Sep 2020 Toronto, Canada

- Designed the **Robo Deployment Framework** — PowerShell-native CI/CD orchestration platform for Windows services, **SSIS/SQL Server, Oracle**, and enterprise application workloads; reduced onboarding from **5 weeks to 5 hours** (98% reduction) across 250+ apps and 60+ teams.
- Inducted **DORA framework** across RBC Wealth Management and Insurance using Azure DevOps — Deployment Frequency, Lead Time, Change Failure Rate, and MTTR as primary engineering health metrics.
- Enabled SAST, DAST, and IAST scanning across RBC Insurance; integrated **SonarQube, Jenkins, UrbanCode, JFrog Artifactory** into CI/CD pipelines with SOX/GDPR-compliant audit trails.
- Governed enterprise-wide DevOps and change management across **250+ applications across 60+ teams**; standardised deployment workflows and enforced SOX compliance with change evidence pipelines.

Automation Architect

IRIS Software — Canada (Insurance & Capital Markets)

Feb 2017 – Jun 2018 Toronto, Canada

- Designed **fault-tolerant, container-orchestrated deployment pipelines using Kubernetes and Helm** — zero-downtime rollouts across capital markets platforms.
- Led RPA practice automating 80+ applications and 250+ components across Java, NodeJS, Kafka, Salesforce, and Mainframe stacks; standardised Python automation frameworks at scale.
- Contributed to **\$478K SOW closure** for a DevOps engagement — led pre-sales technical architecture and effort estimation for 12-member, 18-month delivery.

SUMMARY

Infrastructure Solution Architect with 20+ years designing fault-tolerant, cloud-native platforms for Tier-1 FinTech institutions. Expert in container platform migrations (Kubernetes/CKAD), HA/DR architecture, IaC (Helm, Ansible, Terraform), and CI/CD pipeline design for stateful workloads. Tri-cloud certified (AWS, Azure, GCP) with deep financial services domain expertise across ADP, Charles Schwab, BMO, and RBC.

KEY ACHIEVEMENTS

Container Migration — BMO
CDK-enabled ECS/Fargate migration for BMO's .NET workloads; HA/DR built into architecture from day one.

5 Weeks → 5 Hours (RBC)
Robo Deployment Framework: 98% onboarding reduction across 250+ apps including Oracle and SQL Server DB pipelines.

Platform Team at Scale
Built Schwab's 18-member Platform Engineering team; 99.9% release reliability on containerised workloads.

40%+ MTTR Reduction — ADP
Scaled SRE org 4 → 40 engineers; Dynatrace + Ansible automation cut incident recovery time by over 40%.

CERTIFICATIONS

Azure Solutions Architect Expert (AZ-305)
Microsoft — 2026

AWS Certified Solutions Architect — Associate
Amazon — 2026

GCP Professional Cloud Architect
Google — 2026

Certified Kubernetes Application Developer (CKAD)
CNCF — 2025

AI-102: Azure AI Solution Design
Microsoft — 2025

Certified SRE (iSRE)
DevOps Institute

ITIL® IT Service Operations
AXELOS

Technology Manager

TechMahindra Pvt. Ltd. — India (Client: Adobe)

 Jul 2015 – Feb 2017  Noida, India

- Led data and code migration from Informatica to **SQL Server 2012** for Adobe — schema redesign, ETL re-engineering with SSIS, and data validation at enterprise scale.
- Executed **SAP HANA upgrades** and HTTP/7 enablements; architected zero-downtime business application migration during Adobe’s data centre relocation.

Sr. SDET — QA, Automation & Production Engineering

Microsoft Corporation — India

 Jul 2007 – Dec 2014  India

- Dual mandate as Sr. SDET and Production Engineering owner for Sales & Marketing platforms serving US, EMEA, and APAC subsidiaries — sustained **99.99% uptime over 7 years**.
- Owned all non-functional objectives (performance, availability, scalability, security) — defining infrastructure standards across network, application, and data tiers.
- Built QA automation frameworks integrated with CI/CD; modernised platforms via cloud migration and self-healing architectures supporting 200% user growth.

Senior Software Testing Engineer

Semantic Space Technologies — India (Client: CFC / Bank of America)

 Jan 2005 – Jun 2007  India

- Sole L3 Analyst for Statusmart application — **SQL scripting on SQL Server and Oracle DB**, SSIS ETL development, release management, and incident resolution for 3,000+ sales team users.

EDUCATION

Masters in Artificial Intelligence	2024
Woolf University	
General Management Program (GMP)	2022
ISB Hyderabad	
M.Sc in Computer Science	2002
Osmania University	
B.Sc in Electronics	2000
Kakatiya University
