PROFESSIONAL SUMMARY

Cloud Infrastructure Leader with 22 years of experience owning presales solutioning and end-to-end delivery of cloud migration and modernisation programmes on AWS and Azure. Built and led cloud practices for global banking enterprises -- ADP, Charles Schwab, BMO, and RBC -- translating RFP responses and client proposals into live infrastructure transformations. Scaled engineering organisations from 4 to 35 engineers, drove 600% improvement in deployment cadence through DevOps automation, and deployed GenAI and AIOps solutions that reduced MTTR by 40%+ and manual analysis effort across regulated financial platforms. Ready to lead enterprise cloud infrastructure transformation programmes through both presales and delivery excellence.

CORE COMPETENCIES

Cloud Presales & Solutioning (RFP/RFI)

AWS & Azure Architecture

Cloud Migration & Modernisation

End-to-End Delivery Management

DevOps & Infrastructure Automation

GenAI / AIOps Integration

Enterprise Cloud Transformation

SRE & Reliability Engineering

WORK EXPERIENCE

IRIS SoftwareSep 2020 -- Present

Sr. Specialist -- Cloud Practice & SRE Lead | India | Clients: ADP, Charles Schwab, BMO

- Led cloud infrastructure solutioning and presales activities (RFPs, proposals, client discussions) for enterprise banking clients -- contributing to **\$200K+ in new project acquisitions** at RBC subsidiaries.
- Drove cloud migration and infrastructure transformation for BMO's Critical Commercial Banking (CCB) division -- overseeing architectural compliance and engineering delivery from design to production.
- Architected the **Cloud Platform Maturity Index (CPMI)** -- a reusable cloud transformation framework used across ADP, Charles Schwab, and BMO to improve cloud security, efficiency, and capability maturity.
- Deployed **GenAI-based risk assistants on Azure and AWS** for BMO -- enabling interactive risk Q&A and summarisation via BCRG and LTS pipelines, reducing manual analysis effort across operations teams.
- Implemented AIOps-driven automated remediation (Ansible + Python + Dynatrace) for ADP SRE -- reducing MTTR by **40%+** and eliminating reactive on-call toil.
- Delivered **modeas**, a high-throughput deployment platform handling 200+ builds/deployments per hour -- eliminating 10,000+ manual operational hours annually and improving deployment cadence by 600%.
- Scaled ADP's SRE organisation from 4 to **35 engineers** across India, Canada, and the US; built Charles Schwab's 18-member Platform Engineering team from scratch, achieving 99.9% release reliability.
- Established Chaos Engineering practices using Keptn and ITIL-aligned incident/problem/change management with blameless postmortems and structured RCA workflows -- adopted by 200+ engineers per quarterly training.

IRIS SoftwareJun 2018 -- Sep 2020

Automation Technology Specialist | Toronto, Canada | Client: Royal Bank of Canada Insurance

- Designed and delivered the **Robo Deployment Framework** -- a Kubernetes-native, technology-agnostic CI/CD orchestration platform; reduced application onboarding time from **5 weeks to 5 hours (98% reduction)**.
- Automated migration of **250+ applications across 60+ teams** from CA SCM/Harvest to GitHub, enabling self-service delivery pipelines and modern agile practices at enterprise scale.
- Governed DevOps and change management across 250+ applications -- standardising deployment workflows, enforcing SOX/GDPR compliance, and delivering audit-ready change evidence pipelines.
- Established SRE principles within RBC's DevSecOps programme -- introduced observability standards, incident classification frameworks, and reliability-focused deployment gates.
- Contributed to **~\$200K in new project acquisitions** through pre-sales and delivery leadership at RBC Insurance subsidiaries.

IRIS Software

Feb 2017 -- Jun 2018

Automation Architect | Toronto, Canada | Clients: Insurance & Capital Markets

- Drove enterprise cloud automation across Insurance and Capital Markets -- led delivery of fault-tolerant, container-orchestrated deployment pipelines using Kubernetes and Helm.
- Led RPA practice delivery -- automating **80+ applications and 250+ components** across Java, NodeJS, Kafka, Salesforce, and Mainframe stacks.
- Contributed to **\$478K SOW closure** for JCL Mainframe automation and trading operations monitoring; contributed to \$180K Capital Markets engagement for RBC Wealth Management.
- Enabled pre-sales teams with credible ballpark costings, improving win rate during initial client conversations.

TechMahindra Pvt. Ltd.

Jul 2015 -- Feb 2017

Technology Manager | Noida, India

- Led cross-functional global engineering teams delivering large-scale automation and DevOps transformation programmes across enterprise clients.
- Drove agile delivery practices and CI/CD pipeline adoption -- improving release frequency and team velocity across distributed teams.

Microsoft Corporation

Jul 2007 -- Dec 2014

Sr. SDET -- Automation Architect | India

- Maintained **99.99% platform uptime** across Microsoft's global marketing platforms over a 7-year tenure through proactive SLI monitoring and automated recovery mechanisms.
- Modernised global marketing platforms via cloud migration and self-healing architectures -- supporting **200% user growth** with zero critical incidents.
- Built QA automation frameworks integrated with CI/CD pipelines, embedding automated regression, service virtualisation, and performance testing into release gates.

KEY DELIVERY PROJECTS

modeas -- High-Throughput Deployment Platform AWS / Azure / Kubernetes

Designed and delivered a scalable cloud deployment platform for ADP handling 200+ builds/deployments per hour. Eliminated 10,000+ manual operational hours annually and improved deployment cadence by 600% through full CI/CD orchestration and DevOps automation.

Kubernetes, Helm, Jenkins, GitHub Actions, Ansible, Python, AWS, Azure

Cloud Platform Maturity Index (CPMI) Cloud Transformation

Architected a cloud infrastructure transformation framework measuring security, efficiency, and capability maturity across three major banking clients (ADP, Charles Schwab, BMO). Used as both a delivery governance tool and a pre-sales asset for new engagements.

AWS, Azure, Terraform, IaC, Cloud Governance

Robo Deployment Framework (RBC) Kubernetes CI/CD

Delivered a Kubernetes-native, technology-agnostic CI/CD orchestration platform for Royal Bank of Canada -- reducing application onboarding from 5 weeks to 5 hours (98% reduction) across 250+ applications and 60+ teams.

Kubernetes, Helm, Python, Ansible, GitHub, SOX-compliant pipelines

BMO GenAI Risk Assistants GenAI / AIOps

Designed and deployed GenAI-based assistants on Azure and AWS for BMO's risk operations -- enabling risk summarisation and interactive Q&A via BCRG and LTS pipelines. Reduced manual analysis effort and accelerated risk insights in a regulated banking environment.

Azure OpenAI, AWS Bedrock, GenAI pipelines, AIOps

EDUCATION

Masters in Artificial Intelligence Woolf University 2024

General Management Program (GMP) ISB Hyderabad 2022

M.Sc in Computer Science Osmania University 2002

CERTIFICATIONS

Microsoft Certified: Azure Solutions Architect Expert (AZ-305)	2026
AWS Certified Solutions Architect -- Associate (SAA-C01)	2026
Certified Kubernetes Application Developer (CKAD)	2025
AI-102: Designing and Implementing a Microsoft Azure AI Solution	2025
DP-100: Designing and Implementing a Data Science Solution on Azure	2025
Certified SRE (iSRE) ITIL Certificate in IT Service Operations PMI-ACP	

SKILLS

- Cloud & Infrastructure:** AWS, Microsoft Azure, Kubernetes, Docker, Helm, Terraform, AWS CDK, Ansible
- DevOps & CI/CD:** Jenkins, GitHub Actions, GitLab, UrbanCode, Bitbucket, IaC pipelines
- Observability & AIOps:** Dynatrace, Prometheus, Grafana, Splunk, MS App Insights, AppDynamics, Telegraf
- GenAI & AI:** Azure OpenAI, AWS Bedrock, GenAI pipelines, AIOps, MLOps, AI-102, DP-100
- Reliability:** SLI/SLO/Error Budgets, Chaos Engineering (Keptn), Self-Healing, ITIL, ServiceNow
- Automation & Scripting:** Python, Bash, PowerShell, Go, Groovy, UiPath, Automation Anywhere
- Languages:** English (fluent), Hindi (fluent), Telugu (native)
